1. Starts at the home page
2. Clicks the how to use link in the navigation bar
3. At the How to Use page, Nelson reads the steps on how to use the website

Persona Goal Example 2

Techie Terry is looking to build a new custom PC, but he's not sure if the Ryzen 5 processors will fit the motherboard he already bought.
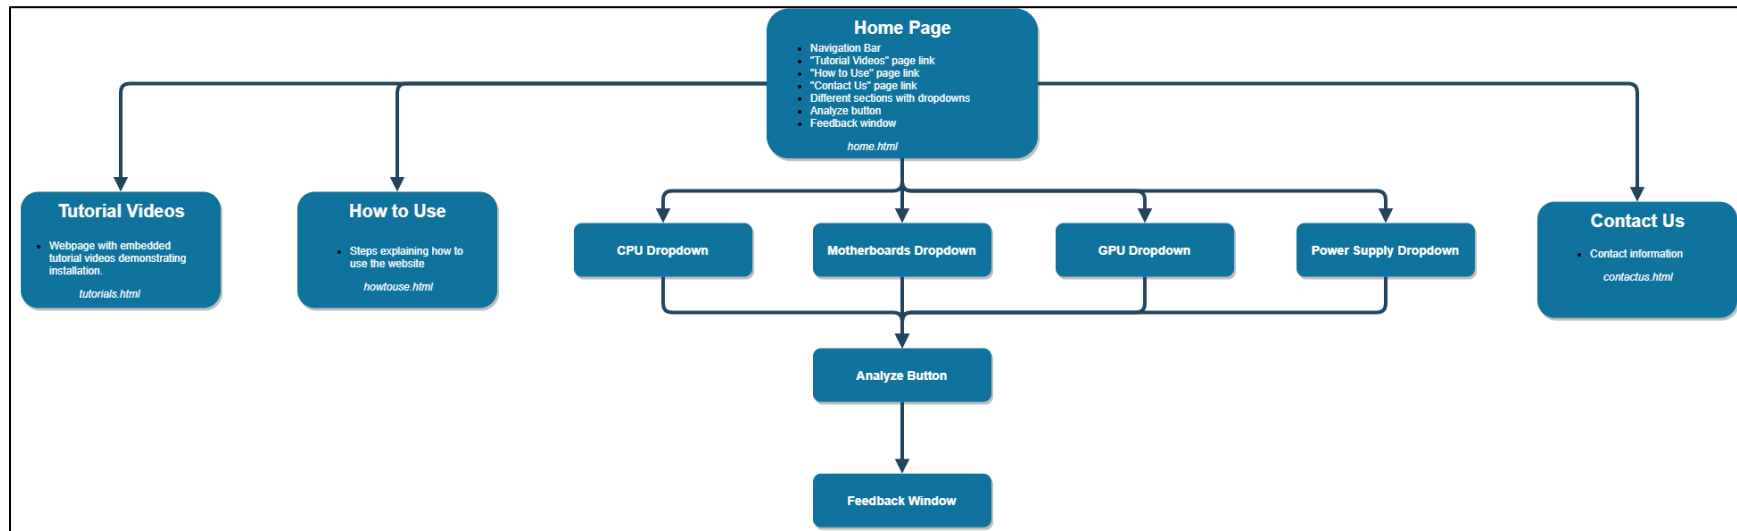

1. Starts at the home page
2. Selects his motherboard from the Motherboard dropdown
3. Selects the Ryzen 5 processor from the CPU dropdown that he's intending to buy.
4. Clicks the Analyze button
5. Reads the info in the feedback window

Persona Goal Example 3

Experienced Ella is looking to upgrade her graphics card with a newer, more powerful one (assuming the stock crisis is over). However, she's not sure if her current power supply will support the new, more demanding GPU.

1. Starts at the home page
2. Selects her current PSU from the Power Supply dropdown
3. Try to select the GPU she's intending to buy from the GPU dropdown
4. Doesn't find the GPU she wants
5. Clicks the Contact Us link in the navigation bar
6. Uses the contact info in the Contact us page to request a database update.

Stretch Feature

Persona Goal Example

Newbie Nelson figured out which motherboard and CPU by using the compatibility feature on the home page. His product arrived but he doesn't know how to install it without damaging the expensive CPU like most newbies do.

1. Nelson starts at the home page and clicks the "Tutorial Videos" link in the navigation bar.
2. Nelson scrolls down to find the video explaining "How to Install a CPU in a Motherboard."
3. Nelson clicks play and watches the video to expand his knowledge.
